TreeLafayette has its second Neighborhood Stewardship Award with Gail Brock of Ellsworth-Romig neighborhood. She went door to door for the planting of the 16 street trees. To become a neighborhood steward, you must plant on Arbor Day and help prune.

Ellsworth-Romig Neighborhood– Oregon Street

New Direction Continues

TreeLafayette, for the last 17 years, has been planting trees on major corridors like Sagamore Parkway, Creasy Lane and Twyckenham Blvd.

We plan to plant on Main Street and Brady Lane in the spring of 2011, and South Street in the fall.

We are in our second year of a new policy to help neighborhoods plant trees. We planted 55 more trees on Bridgewater Circle in the Millcreek neighborhood, 16 trees on Oregon Street in the Ellsworth-Romig neighborhood, and 24 on Amelia Avenue by Cross Point apartments. Each of these neighborhoods provided some to all of the funding for purchase of street trees.

Planting and Promoting a Healthy Community

Vision Statement:

TreeLafayette by creating an awareness and desire for a tree covered community thereby becoming a premier city for urban forestry in the nation.

Mission statement:

“TreeLafayette serves our community by providing the leadership and inspiration to engage the community in the activity of planting trees. We are a source of knowledge and information regarding the value that trees provide to the urban setting. We are committed to urban beautification, a healthy environment, and a sustainable quality of life that the urban forest provides”.

-Third Grade Program-

The Education Committee of TreeLafayette started working with the third graders at Miller and Vinton Elementary Schools. Each school planted the State of Indiana Tulip Tree. Vinton students received materials to watch how seeds develop into a plant. Miller students received young saplings to plant.

Tree Committee Pruners. The Tree Committee pruned 646 larger street trees this year. We used a chipper provided by the Purdue Students Society of Arboriculture to help the Street Department remove the limbs. To the right are some of the pruners.

Pictured left is Suzie Philyaw making the third grade presentation that Dave Rest developed. On the bottom right is Laura Wright showing the leaf and root structure. Each Vinton third grader received a cup and bean seeds. The bottom left picture is Vinton and Miller Elementary Schools. Each third grade class planted the Tulip Tree.

Arbor Day in Lafayette, April 24, 2010
